

3/3/2011 Standards Meeting

RB – based on his review & discussion with Angel (legal counsel) 911 Board cannot mandate EMD but can mandate pre arrival medical protocol

Regina – I don't think it best to mandate pre arrival instructions especially in the current climate; need to educate psaps

Tom – hears the message from PSAPs that they cannot provide pre arrival because of staffing; 13P rules

Benny – expectation from the public

Margie – may need to standards, if you are currently an EMD and 5.2.4.1.a for those that are not emd

Tom – need the list of not doing emd, we could contact the medical directors, see if there is a common denominator;

Regina –

Michael Reitz – UNC CH – we don't do emd, don't want to do, we xfer to Orange

Jonathon Bledsoe – to OEMS, what about “model system” would that require

Greg Light – Eden, do not do ems, transfer to Rockingham, no data available for delay

Lisa – rockingham county

Dave Davis – Beech Mt doesn't matter if it transferred across town or across the center, there is a delay

Randy Wood – like not forcing pre arrival instruction but I would like to see voluntary pre arrival instruction for all protocols

NEWTON -

BEECH MOUNTAIN VOCAL POINT FOR SMALL RESORT TOWN

HAVELOCK – 31-35k Calls for service; staff 2 during peak hours

Dave Davis – several officers are telecommunicator certified; police officers no set numbers, paid from general fund

Chris – Oak Island, have power shift 12-12, do other services outside of 911;
